

Hammond's famous XK-3 keyboard

just got even better

The award winning
Hammond XK-3
is being used by the best
keyboard players in the world.

We listened to your requests and now have
built the Hammond XK-3c with Upper
and Lower Split Vibrato and front panel real
time assignable MIDI Controllers.

New MIDI control features make it easy to integrate your
computer based software and MIDI instruments.

Only a real HAMMOND can give you that true tactile playing experience.

Don't settle for anything less than the **REAL THING** ...

The all new Hammond XK-3c

The all new Hammond XK-3c

Here's what is new:

- Assignable controllers for MIDI instruments
- Split Upper and Lower Vibrato/Chorus switches
- Advanced digital Leslie and vibrato scanner
- Enhanced dual tube preamp and overdrive

New MIDI control features make it easy to integrate with your computer based software and MIDI instruments.
